Spanish 10 minutes a day Series

8/26/2024

Imagine speaking Spanish quickly and easily in no time!

This Book will teach you how to translate in Spanish your everyday routines in a practical way. But, you have to practice, practice, practice everyday, just 10 minutes a day.

The language learning software combines exercises, games and much, much more. You'll be reading, writing, speaking and even singing in Spanish in no time. Included are 150 Sticky Labels, Flash Cards and a Cut-Out-Menu Guide. You'll also communicate with ease and have those travel experiences you've always dreamed of. The 132- page Books are filled with exercises, Sticky Labels, Flash Cards and other study tools which fit cleverly into your daily routine to make learning enjoyable.

The Interactive Software brings these 10 minutes a day study tools to your computer so you have more ways to play and have fun with your new language. Soon, you'll be ordering a meal, making new friends and finding your way around town— all in the Spanish language. Now you're ready for the trip of a lifetime! Let's speak Spanish!
